IN THE KNOW

Welcome to the first edition of *Players Nasty*. I've been a working prostitute for more than ten years, pulling myself through college with my earnings. I'm a practicing psychologist who still turns a trick for fun and profit and was only too happy to help out the editors when they asked me to respond to some letters they had received at *Players Magazine*. I welcome letters, faxes and e-mail. Mail should be addressed to *Players Nasty*, 8060 Melrose Ave., Suite 3N, Los Angeles, CA 90046-7082. Our fax number 213-655-9452. Our e-mail address is psn@loap.com. All correspondence should include the writer's name, address and daytime telephone number. No personal replies will be given and names will not be used if requested. Correspondence may be edited for purposes of clarity and space.

SHE BE STINKIN'!

I consider myself an open minded guy, so from time to time I will eat pussy. Sometimes I even enjoy it. There are some women though that flat out, fuckin' stink. We'll be in the bed, she's suckin' on my dick big time, and I'm grippin'. The next thing I know, the bitch turns around and pushes her sweet thang' in my face. My problem is what to do when that thang of hers is stinkin'. I've tried fuckin' it, changing positions—you name it. Help, 'cause my love life needs a hand and my nose hairs are burnin' up!

Gone Fishin', Detroit

Brother, you answered your own question there at the end! Take that hand and hold it up to your nose, pressing against one or both or your nostrils as the need be. When I work with another girl on a john, and her hygiene is less than what it should be, I opt for the one or two finger solution. Granted, two fingers makes it hard to breathe, but try breathing through your mouth and tonguing her clit. Stay away from tongue fucking her as she probably doesn't taste too good either. If you can broach the subject, try taking a bath or shower with her first, or make a big deal out of her pussy, shaving it for her and using that opportunity to hose it down before you hose it down. By the way, did you ever wonder what your dick smelled like. Some guys cock and balls smell like limburger cheese, my man. Love is a two way street. Don't forget it.

SHE BE INKIN'

I've been going out with the same woman for close to a year and it looks like we'll probably get married. She's got a kid and he's cool and all, but something has been bothering me. She's got her ex-husband's name tattooed on her left

breast, right over her heart. This shit pisses me off but good! To make matters worse, when her son sees it, he always asks when, his other daddy, 'Lil' Man', is comin' back. I told her to get rid of it, but she says that if I love her, I'll pay for it to be removed, or I can pay to have my name put over it. I just want the shit off!

Jimmy, Miami

I don't know how big (or Lil') your dick is Man, so I won't even go there! But you may want to rethink this relationship before you tie the knot with somebody else's property. If she's givin' you shit now about her past, wait till you watch a baby made by the both of you suckin' on 'Lil' Man's' tit! I say, if she ain't willing to put her past behind her, you should either take to fuckin' her doggy style or find a new woman without her history on her heart.

SHARIN' SHARON

Andre and me have been homos since grade school. We went through it all together, from girls, to drugs, to guns to a short stay in stir to raising a family and trying to fly right. We hang at my house a lot because of my big screen, and Andre's ol' lady Donna never comes over no more. My wife, Sharon and she never did get along and Donna is kind of fat bitch anyway. But Andre loves her and I respect that. He's always had a thing for big mamas and they were right for each other from the start.

To make a long story short, Andre wants to fuck my wife. Sharon's put on some pounds since we got married and I'm cool with it. But now, Andre's got his eye on her and said to me one night after a couple of 40's, "Yo, bro. What say you and me do your ol' lady." I about hit the nigger. But I let it go because it was late. The

Killer Pussy

by Ronnie Scott Jr.

For Some Women, There's Never Enough Sex

Chante was the kind of girl you wouldn't take home to mother. She smoked, cursed, bit her nails and always looked like she just got fucked. Usually because she did. Just get fucked I mean. We stumbled into a relationship after closing a bar together one night. She thought I looked like Denzel and she really fell for my line about her looking like a fallen angel.

She had dark, dark skin and her pussy and ass looked jet black, almost to the point of being gray in the light. When she spread her pussy and ass, the ripe, red inner flesh curled sweetly, emitting a dusky scent that drove me wild. Her armpits always looked like they were sprouting hair and her tits were smallish, with thumb sized nipples. And, the be all, end all of Chante was that she had beautiful feet. Delicate, long toes, a high instep and perfect symmetry to the rest of her long legs. For some reason, that was the only part of her body that she seemed to take care of. It made me fall immediately and impossibly in lust with her.

We went back to my place that first

night and fucked till the sun came up. She was an animal and had the kind of smell that made my dick hard. I don't what it is about some women, but there are those that smell right and those that smell wrong. Chante smelled more than right. She had the killer pussy.

We started living together a few weeks later. We were polar opposites but couldn't keep apart. I was fastidiously clean and she was a pig. I never was late, she barely showed up at all. But the sex between us, was out of this world.

From the first time she kissed me, grabbing my head and cupping my face in her hands, putting her index fingers in my ears and rolling them around as she plunged her tongue deep into

my mouth, she had me. Chante made love with her whole body. Her legs would do things to me while her hands and tongue worked in unison. I felt like every pore of her body exuded sex. She did things to me no other woman ever had. She spent an hour one night suck-

ing and licking my feet. Nothing else. By the time she had made it up to my cock, the pre-seminal fluid had formed a sticky, gooey spot at the end of my cock. She spread her cunt lips and put her clit up against it, pulling it away so the pre-cum made a string. God, once she even sat over me, performing a sixty-nine for hours on end. I would get hard, eat her dank, wet cunt and just let her take control of my dick until the cum shot out of its own accord. The she would slowly start all over again till I was hard.

Once I would get aroused again, Chante would beg me to eat her pussy, giving me directions on how to do it.

"Plunge your tongue deep in me baby," she would coo. "Suck on my pussy lips and grab my clit in your teeth. Now suck on my clit till it's as hard as a rack. I'm gonna fuck your hot little mouth with my clit when it's good and hard. Finger my ass. No, not all the way inside yet. I'm saving that for your dick sometime."

Her dialogue would set my cock a bobbing, so erotically nasty it would be. And then she'd suck me till I exploded all over again. She always swallowed my cum. Took every drop. Well, not always.

One night, she jerked me off and right when I started to shoot, she laid her head on my stomach and let my dick spray all over my guts and chest. "Beautiful. Like a fountain," she said. And then she slowly lapped up my cum like a kitten with a bowl of milk. Then she spit it out all over my dick and balls and started sucking me all over again because she said she missed the feeling of my load shooting over the back of her

mouth and down her throat. I managed to get enough hard again to fulfill her request. Chante was truly amazing. She could make me cum while I was still soft. The lady had put a spell on me I couldn't shake.

I started showing up late for work. Chante loved getting fucked in the morning and she usually started off by getting things going. She'd get up to piss and come back and sit on my face. If there was one thing she was clean about it was sex before breakfast. She would wash her pussy and perfume it so just waving it over my face would get my nose and tongue going. Or she would wake me with a blow job or by sitting over my dick.

My work, my apartment, hell even my bills weren't being taken care of. Chante had a way of taking things into her own hands. She'd pick me up from work, we'd head to some cafe and drink and eat, and once we were back home it was sex till we passed out. My mail lay unopened for weeks and it wouldn't be till the phone or electric would threaten to shut me down that it would register. And Chante would be sucking my cock as we sat in traffic headin' over too pay the water and power bill half an hour before it was due to be shut off.

I wondered how long it would last. Sex with her was the greatest but I wondered whether she was getting bored. I tried to talk to her about it and she would get into some form of sex play. She'd become the vamp, the innocent, the slut. And it all worked on me. Chante was purely intoxicating. I couldn't imagine what could possibly go wrong. I told her that looked like it could be forever. She laughed and shook her head. I couldn't tell whether that meant no, or she was amused at the idea of me falling for her.

She was on my mind all the time. When she started calling my work and moaning and groaning into the phone it almost drove me over the edge. I'd be sitting there faking a business call while she was going to town on the other end. "Mmmm, that's it. Do me baby. Make my pussy

hurt," Chante would beg. She talked just like when we were fucking and it brought back all the memories of every time we would do it. And she started saying things different. Talking to me over the phone was giving her a new lease on lust. She would comment on things that I would never think of doing to her and it would get me hard. A couple of times I'd pull out my dick under my desk and jerk it off. More than a few times we would come together, she over the phone and me into my coffee cup. When I would get home I would jump right back into it with her and we'd go all night.

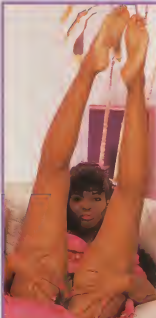

Her pussy would be primed for action. Like she'd been fucking all day long. Except I knew it was all telephone sex with me. So I got the bright idea to pop in on her one afternoon during my lunch. I took off early, left word I was in a meeting a few home to her. She and I would do it on the phone before my lunch and then I'd grab a sandwich and come back for more in the afternoon. I figured she'd be good and horny by not getting me on the phone. And when she'd see me come through the door—that would be the best ever.

I crept in like a bandit and heard the most sickening sound. The bed springs were creaking and she was on her knees. Some guy with a dick like a baby's arm was drilling her from behind. Chante was on the phone trying to get through to me. I burst in and the guy went limp. I wanted them dead. But I'm not that kind of guy. I was hurt. And I wanted her out.

Chante moved out that night. She said she couldn't help herself. It was just the way she was. No excuses,

no apologies, no promises to put an end to it. No bargaining whatsoever. She just wanted to move on. And I wanted her out. I loved the bitch and all she wanted was to be fucked. A nympho. The kind who does the mailman while the baby's sleeping. Fucks your best friend. Fucks your brother. Fucks you over.

I miss her sometimes, but now I've got a normal girl friend. We fuck once or twice a week and she thinks I'm fucking superman. She cleans house, pays the bills and makes sure the dinner's on the table by six. I think I'm gonna' marry her. And every now and then, when I think of Chante, I pull out my old coffee cup at work and jerk off into it. That's the kind of girl she was. The cream in my coffee cup.

Anna Amore Rings the Liberty Bells and Blows the Lid off Charlie's Dreams with Her Exotic Dance Show!

T DOWN IN PHILLY

By Anna Amore

I couldn't wait to get to Philadelphia and cut loose. My pussy was itchin' to dance and this girl was in the mood. The first pleasant surprise was the weather, a comfy 75 degrees with a warm sun for my first appearance at Charlie's Dreams. It's a spacious club with two stages, peep show booths and its own 70 adult movie theater. I had a nice welcome by soft spoken and charming manager Jesse and a

Snaps/Hans

The club also has its own sex shop at the entrance where I found two of my personal favorite tapes, Dr. Blacklove and a two hour compilation tape called Super Video Vixens by TVX/Leisure Time Entertainment. Show times were at noon, eight, ten and midnight and I was happy to see that many Philadelphians were spending their lunch break with me. These guys were really nice and friendly, so I made sure to pay everybody personal attention, which, as you can tell from the photos, was highly appreciated. The guys loved to drown their faces in my boobs and have me riding on them sitting in their chairs.

Cheered on by the crowd, I slow danced and peeled out of my costumes, made eye contact and visited the customers one by one in the crowd, up close and personal, a hands on experience. Letting tips miraculously disappear in my pussy had everybody going wild. Did I get turned on making them hot for me. Wow! What a sweaty affair.

After I got comfortable with the crowd, I started pulling guys on stage to do all kinds of nifty things to them, like simulating a 69 position with me naked trying to keep their tongues out of my pussy. I got hornier by the minute and by the fourth song I couldn't hold more than four or five of these guys out.

I actually pulled one lady visitor on stage and we rolled around embracing each other for most of my whole show. You guys who have watched my scenes know how much I get into it and how I love to get nasty, sweaty and messy—and this stage was no different. I want to feel my fans, feel the heat...Guys were coming back to see me doing different shows, bringing flowers and candy. That always puts a smile on my face.

Afterwards, the Polaroid sessions, my oh my were hot. They were unbelievable. The poses and positions these guys came up with, some of them I haven't even done in hardcore layouts yet, squatting with my pussy open inches away from the guy laying on the floor, being lifted up and spread-eagled, kinky and right down my alley.

I also had a chance to visit the City, the Liberty Bell, South Street with its nice boutiques and restaurants and Delaware Avenue with a variety of happening night spots. I have a hunch those Philly guys will want me back soon, and quite frankly, I'm looking forward to cumming back again!

ps: i'm looking for fans to fuck me in my Anna Amore All-Fan Gangbang. Here's all you have to do: Send a Polaroid of yourself with a hand-on and be willing to supply me with a less than month old AIDS test and pay your own way to Los Angeles for the fanning. Send your self dick snap shot to Anna Amore Fan Club, Box 8087, Universal City, CA 91618-8087. Don't forget to mention you read all about this in Payers Nasty!

ALL THAT

1996, 80 min.

Directed by Clayton Blacquemore.

Cast: Cherokee, Midari, Monique, Tabitha, Madame Butterfly, Hank Rose, Guy DiSilva, Jake Steed, Ken Dahl, Wesley T. Brown.

From: Video Team

When a woman on deadline (Cherokee) suffers from writer's block, she finds the cure through exploring her sexual fantasies.

Hank Rose plays the publisher who works over his secretary (M

Butterfly) before we understand much about the plot. He puts her through the usual paces, ending with a lusty face pop. Cherokee contributes the most romantic scene on the beach with Guy DiSilva, but it's truncated. It does end with a facial though. We watch as a

horny black chick gets bookended by a white and black guy before an interracial lesbian scene follows. Tabitha and Jake Steed contribute a slow burning anal encounter that brings up the rear on this very well produced and shot little trifle.

AFRO-AMERICAN DREAMGIRLS

1996, 75 min.

Directed by Franca Peco.

Cast: Chastity, Solveig, Kim Eternity,
Toni, Santana Lee, Guy DeSilva.

From: Dreamland U.S.A.

The premise is simple here. New black models are paraded in front of the camera and they engage in sex, hoping that this will be their big break into the world of erotica.

Sounds tired, huh? Well, surprisingly enough, there's some gorgeous production values, great videography and the hair and make-up of the girls look straight out of high fashion magazine.

That alone is worth a rental in our book. It's not often we see black women made to look as pretty as they can be. Many of the black and interracial video offer up girls who look like they took time out from doing the laundry to get fucked. Here, there's glorious attention to detail, making for a pretty series of vignettes to see. We start out with Chastity giving it up to Santino Lee in a wild ride he won't soon forget. The stud gets so turned on by all this hot pussy that he pulls out his member and inserts into the backside of this gorgeous creature. She screams and screams her approval and we have one of the hottest

and posttits rape action scenes recorded this year. From here, we watch as Kim Eternity and a toasty piece do the girl-girl thing, adding a dildo for plastic fun and games. Guy DeSilva and Solveig finish up the action in this premier release, proving that quality, not quantity is what counts in porn.

Four loops with the commonality of black, big titted women having sex with men.

This series is developing into a solid serving of sizzling hardcore that pulls no punches and always delivers what the title says. The women all have big titties and love sex. We start with a riotous romp in a kitchen with Nyrobb Knight and Lin Dog. She's an animal

and wild, demanding to be fucked hard and long. Lin has a helluva' time keeping up with her, but he does. She take him through a series of positions before he deposits a serious load on her body. Weed and Kim Eternity follow with some lusty breast boffing and decent dickin'. Spontaneous and Byron Long pick up the pace with a fun and games fuck that's a treat to watch. L.T. BLACK KNOCKERS 14

1996, 73 min.

Directed by Me Me Nasty.

Cast: Juicy, Jazz, Cassandra Curves, Batosa, Byron Long, Lin Dog, Tony Eveready, Ron Jeremy.

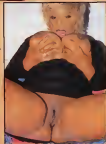

From: Toppers

Big breasted black women make love with hung black and white studs in this series of four sex scenes with no plot.

There's some big mamas featured in this outing, notably Juicy, who could star in a fat chick tape any day of the week. She gets parked by the big dick of Byron Long, which doesn't look so big going into her thick set of ham hocks

It's an uneventful fuck that made us fast-forward. Jazz, a sexy and full figured, big titter with dyed blonde hair, is quite fetching, though she could lose at least 30 pounds herself. Tony Eveready delivers his meat rod, pleasuring her for a long time. We follow with a forgettable fuck with Batosa, a doughy small titter who doesn't belong here. The final scene features Cassandra Curves and Ron Jeremy. She's into it, he's fatter than ever, and the sex is a joke because it's hard to believe she would fuck him. And if she would, that makes us not want to watch a woman like that. This edition could have been called *Black Porkies*.

Batosa shows the pink.

FREAKY TAILZ

1996, 74 min.

Directed by Julian St. Jox.

Cast: Papillon, Mr. Marcus, Midori, Julian St. Jox and some other white girls.

From: Avica Entertainment

Julian St. Jox gets into the director's chair to helm some hardcore loops where he's featured prominently.

Julian has a long way to go before he can call himself a director, though the opening scene in this feature does have some heat to it. He sits around with his gal pal, Midori and they are visited by two people (Mr. Marcus and Papillon)

they mee through some swinger ads. The start out having sex with their mates, swapping and leading to anal sex with Julian and Papillon. It's hot and fairly well shot. Marcus and Midori do some wonderful fucking too. From here, things wind down with a phony telephone sex call Julian makes to two white chicks who eat, diddle, dildo and butt play with each other as he keeps talking to them. The final scene is an improbable piece of porn. A baby sitter who wasn't cancelled stumbles into St. Jox's room and fucks

him. She's not that pretty and the scene is not shot that well. An slightly sub-par entry into erotic movie making, St. Jox has a long way to go.

BLACK CENTERFOLD AMATEURS

1996, 75 min.

Directed by Laurien.

Cast: Anna, Nicolette, Chardoney, Jake Steed, Santino Lee.

From: Midnight Video

Photographer of women of color, Laurien, produces and directs this series where he discovers the hottest newcomers and stages gorgeous fantasy scenes for them to live out their deepest and darkest sexual desires.

We open with Anna, billed as Anna Nicole on the box. She's a gorgeous throwback to the '60s, with her dymel wig that shakes and shim-

mies as much as her tight little butt and steamy thighs. She indulges in some kitchen coupling with Santino that is very horny stuff. The cuddly Nicolette follows with a fervid encounter with Santino Lee that will excite fans of busty and full figured women. Her large natural breasts are put to good use before he serves up a cum shot in her waiting mouth. Nicolette returns for more hot sex with Anna in an outdoor scene that will thrill lovers of sapphic sex to no end. A promising new series from Midnight Video that should do quite well.

Anna Nicole nibbles the
bozac of Santino Lee.

PHONE SEX

Who Says Those 800 Numbers Don't Pay Off?

Man, my old lady was hot. We'd been talking about trying our hands at group sex for some time now and we were both getting excited about trying it. What started

out as innocent fantasy sex play quickly had turned into the hottest thing happening in our sex lives in years. One night while I was licking at her pussy for a long time I said, "Talk to me. Say something." She started to tell me how she'd

always wanted to get it on with Vicki, the cream colored bitch who lived up the street from us.

I couldn't believe what I was hearing, but she kept it up. She started to moan, "Oh Vicki. I've been wanting you to eat me just like this for so long. I've never had a woman before. Teach me how good it can be."

I almost sprayed all over myself, I was so fucking turned on. She pretended I was Vicki and I did my best to act as much like a woman as I could. Kim had never given me a hint at having kind of lesbian tendencies at all.

"Now you talk to me," she begged. "I can't talk like a woman, bitch. You want me to fake it?"

"I got a better idea," she said.

With that she picked up the phone and made a call.

"I've been secretly calling phone sex lines and I found this one that's really great. They started me going

both of us on.

"Now I want you to suck my husband's cock," ordered Kim.

My wife, the ho'. God I love her. "Vicki, kiss the head of his cock and lick his balls."

With that, Kim started doing it and the girl on the phone picked up the slack.

"You've got the hardest and biggest cock I've ever had in my mouth. I don't know if I'll be able to take the whole thing in my tight little pussy. God it's huge!"

My cock ain't that big, but when it's really hard, it sure feels

that way. "Suck my dick bitch," I called out, adding my own two cents.

"I love it when you order me around. I want to be your sex toy. Use me, come in my face. Make me want to die for your dick. Tease me with it," she begged.

Kim pulled my pulsating pecker out of her mouth and started to tease herself with it. I whacked her in the face with it a couple of times and said, "I want to fuck you while my wife watches."

"Take me. Any way you want me," the girl on the phone said. I turned Kim over and started to ease my cock into her. Ever resourceful, she started to describe the

on this Vicki thing and I want to put them on the speaker and help us out."

The girl got on the line and jumped right into it.

"Oh, baby you've got the sweetest little cunny lips I've ever kissed. Your honeypot is so sugary. It makes my teeth ache. Fuck me with your red hot cunt hole."

I did my best to mirror everything the girl on the phone was saying. This was really turning the

ASS FUCK

action for our phone-orgy mate.

"Put that big dick inside her Harris. That's it. Wrap your legs around his head, baby. Take him deep."

"Tear it up baby, fuck me deep with your big cock," the phone voice pleaded with me. "I'm fucking your husband baby. He's fucking me good. Give me that married dick God, your husband's a great fuck. Finger my asshole. Stick it in. Can you feel your big fucking dick banging into my little box?"

"Yeah, I want to fuck your ass too," I bravely added. Kim had never let me do that before so I thought, why not give it a shot.

"Fuck the little ho's ass honey," Kim offered. "Take it rough. Just tear into the little bitches behind. She's probably had a hundred dicks up there in her life. I bet her asshole is bigger than her cunt. Fuck her ass now."

With that Kim spit on her fingers, stuck one in that jointed my already lubed up index finger and tore into herself like there was no tomorrow. I took my dick out of her pussy and started to rub it against our fingers. Kim pulled out her finger and mine popped out too. Her little brown butt hole was pained and ready for me.

"Fuck my ass with that big dick.

Tear me apart."

I plunged into Kim and she screamed like I'd never heard her scream. The phone fuck took up the slack. "Oh, god I feel faint. Tear it up, Oh baby, I'm letting you husband fuck me in the ass. He's fucking me so hard, his dick's so big. I think I'm gonna faint. Oh, god. Cum in my ass motherfucker. I want your white hot cum to shoot all the way up my asshole. I want to taste it in my throat. Give it to me.

I was giving it to Kim good. She was

so sweaty, she was almost cool. I worried that she might actually pass out and I eased up.

"Fuck him bitch," Kim shouted, surprising me with her renewed vigor. "Don't just let him do all the work. Fuck him. Vicki back with your ass, you booty ho!"

"I don't want you to come in my ass baby. I want your wife to see me swallow your dick all covered in ass-grease."

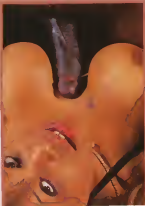

Talking that kind of shit sent me right over the top. Here I was up to my balls in my old lady's butthole with a nympho bitch screaming sex orders to me on the phone and wanting me to cum in my wife's face. And my old lady's lying there, legs over my shoulders, lapping at me like she's looking for a beverage source. I delivered a massive, steaming wet spray of jizz that caught her in the eyes, nose and finally a splat of sauce deep into her throat. Kim rubbed it all down to her lips and

sucked my dick as a copper. Seeing my wife suck my dick right out of her asshole made my orgasm last for minutes. I reached over the side of the bed and disconnected the phone. I had enough of that fantasy.

"Don't hang up the phone honey. I want you to call Vicki now. We've been playing around for a few weeks and I want her to come over and do us. I didn't think you would go for this stuff. I knew I married you for something. You're one wild stad muffin."

"Call the bitch. I want her ass now," I said in my best Barry White voice.

JASMINE ALOHA

Mo' HO IN THE KNOW

continued from page 6

next day I tell Sharon and she says, "That would be some wild shit. I could handle that. Could you?" I wanted to say, "Fuck no, bitch. Lose some weight!" But I don't think she would understand. I told her I would think about it. Sometimes it turns me on and I feel like a faggot or something. Other times I want to kick both their asses. Needless to say, Andre and I haven't been hanging much lately. I ain't queer or nothin', but I miss my best friend. This shit is fucked up.

Red, Pleasanton, CA

An old friend of mine who use to trick his way through school often said, "Just 'cause I let a guy suck my dick, that don't mean I'm gay!" But I digress. The real issue here is that your friendship is suffering. In part because your wives don't get along. Sharon needs to grow up a little and you need to be more accepting of Donna. If you were sitting around Andre's place all the time gettin' a buzz, his ol' lady's fat ass would probably start looking good too. But since the issue of a threesome has come up, what are you afraid of? You guys sound like you're past all that teenage homophobic shit anyway and probably have seen each other naked before. If Sharon really loves you, Andre couldn't steal her away no matter what. The downside is that once you guys fuck Sharon, the paycheck is Donna. Are you ready for that? You might want to start hangin'

with Dre' someplace else and put your ol' lady on Weight Watchers if you can't deal.

THE DICK OF DEATH

I'm a single guy, good looking with a pretty big dick. Sean Michaels ain't got much on me. He may be longer, but my shit is fatter. And I'm circumcised. Women tell me they like the look and feel of that better than them slinky dickdicks guys with hoods on their stuff. But I can't wear a condom. They're usually too tight and my shit goes soft right away trying to put one on. If I'm real horny and get it on okay, I stay hard, but it doesn't turn me on enough to cum. After a while, I fuck the pussy raw and then she don't want no more. So, lately I've been just leaving off the rubbers when I can. A couple of women insist I wear one, and I will if it means not getting any, but a lot of them don't seem to care. I don't know anybody with AIDS and the girls I meet, for the most part, look pretty clean. I can't wait for an AIDS test every time I pick up somebody in a club and it hasn't killed me yet, but I'm worried. Is there a test you can take like those breath-a-lizers where you can find out right away if your negative?

LUCKY, Indianapolis, IN

You must have a death wish. Are you still livin' in the Seventies? AIDS kills. It doesn't get any more serious than that. If Magic Johnson got it, what makes you think you're immune? You can't see it, fool. A girl doesn't wear it like a Herpes sore. Why do you think us prostitutes make guys wear condoms? Go to a place like Condomania, or order some rubbers mail order if necessary to fit that dick of death before it kills you.

PAROLED TO PORN

I'm a young, black male in my twenties, who has been incarcerated for a crime which I did not commit. I'm up for parole soon and wondered what my chances were of finding a job in the pornos. I read interviews with some of these actors and think I could do the job better than they could. I'm hung, handsome and can keep it hard all night long. I know that I probably won't be able to have a steady gig right from the git, but once I'm free, I'd like to consider my options. Where do I go from here?

Yusef, Marion, IL

The first thing you need to do is get yourself a copy of "The Porn Stud Handbook." Written by William Margold and Dutch Bishop, two adult industry insiders, this book tells you in an easy to understand language what is required, what to expect, what is expected from you and what to watch out for. You can order copies from Searly Decent Enterprises for \$15.00. Send cash or money orders only to 8231 Delongpre, #1, West Hollywood, CA 90046.

There are two agencies booking the bulk of the work in the X-Rated movie industry. Be prepared to send a photo and resume, show up at their offices and be rejected anywhere from once to dozens of times. Be prepared also to take a nude Polaroid once you are there.

Pretty Girl International, 9056 Santa Monica Blvd., Suite 204, West Hollywood, CA 90069. Phone: (213) 882-8262.

World Modeling, 4523 Van Nuys Blvd., Van Nuys, CA 91403. Phone: (818) 986-4316.

If you call the agencies listed above, they will tell you they are not taking applications from men at this time. They will say this forever, so your best bet is to go, in person, and register.
